Titus Maunu

Summary

I am a Sophomore Electrical Engineering student with a passion for hands-on tech. I enjoy building server labs, working with microcontrollers, and designing responsive web interfaces. My projects blend hardware and software to solve real-world problems.

Education

University of Nebraska Lincoln at Omaha Sep 2025 – May 2029
Electrical Engineering

Valentine High School Sep 2021 – May 2025

Experience

UNO Mavtech Omaha, NE
Customer service Dec 2025 – Present
Take calls and direct and help people find solutions to their tech issues within the University of Nebraska network.

Seceritas (Applied Digital) Jun 2026 – Aug 2026
Security Officer
I enforced Security policy and as well as working with employees and contractors to make sure no risks were a threat to the safety of anyone or any infrastructure on the premises.

KVSH Radio Valentine, NE
ON-Air DJ Dec 2025 – Jan 2026
Made Daily segment that aired the current events in the community, voicing ADs and doing on-air radio host.
https://kvsh.com

CDT Valentine, NE
Intern May 2025 – Aug 2025
Worked IT at high school, where I was responsible for managing myself for weeks at a time as I worked on iOS devices, MacBooks, projectors, windows devices, and chrome books.

Projects

Homelab Server
Created a server via Ubuntu and docker to self host web apps: password managers, cloud server storage, AI models, and personal media library.

PG58 Beta
Took a PG58 budget microphone and replaced the capsule with one from a Beta 58a. In the process, disassembled the 58a capsule to minimize size as well as creating a 3d printed spacer and shock absorber with TPU.

Volunteer

Chi Alpha Aug 2026 – Present
A christian community, of which I serve on the Worship team band and help lead discussion in a bible study.

Skills

- **Designing pcb and 3d models**
- **Linux and Server**
- **Llama (Personal AI Hosting)**
- **Soldering**
- **C and C++ coding**

Interests

- **Flying Dones**
- **My Homelab**
- **Photography**
- **Working on Cars**
- **Cybersecurity and Pentesting**
